

terrorist plot involving John F. Kennedy Airport in New York, a gaping lapse in security in Phoenix, and the arrest of illegal immigrants working at Chicago's O'Hare Airport with expired and false security badges.

And if there is criminal activity, certainly we should be considering the possibility of terrorist activity taking place. We cannot wait for the next security breach to occur for us to take action.

H.R. 1413 attempts to deal with the very real and serious threats that face commercial aviation today. By passing this legislation and appropriating funds to implement it—which are included in the FY08 Homeland Security Appropriations bill—we are acting on the recommendations of the 9/11 Commission to prevent and protect against any possible insider threats.

I know some in labor and industry favor the use of alternative methods and technologies, such as biometrics to increase security at our airports. I am not opposed to biometric technology; however, those technologies do not exist for full implementation today in the aviation sector, and as we have seen with the TWIC card, the delays could last years in rolling out this measure across aviation.

This legislation is not aimed at any specific group of workers, the vast majority of whom are hard-working, law-abiding citizens. Instead it is a bipartisan approach to measure the feasibility and effectiveness of closing this loophole in our airport security.

I urge my colleagues to support H.R. 1413, and I yield back the balance of my time.

TRIBUTE TO ANTHONY IURILLI

HON. JOSEPH CROWLEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2007

Mr. CROWLEY. Madam Speaker, I rise to pay tribute to the life and accomplishments of Anthony Iurilli, who passed away on Sunday, November 25, 2007 at age 38 after a long battle with multiple sclerosis.

Mr. Iurilli, known as Tony, exemplified the ideals that many of us aspire to: commitment to education, a love of community service, and devotion to his family and friends.

Tony was blessed with extraordinary athletic talent. He was a 1986 graduate of St. Raymond High School for Boys in the Bronx, where he lettered in both baseball and basketball. In his senior year, he was named to the All-City Baseball Team by three New York metropolitan newspapers—Newsday, the NY Daily News and the NY Post, and he was awarded a New York Yankees Scholarship to Pace University. There, he was the starting shortstop on the baseball team for four years, graduating in 1990 with a solid B average.

Tony's priorities were faith, family, school, and community. After college, he worked as Director of Recreation for HIV/AIDS patients at Bronx Lebanon Hospital, and he taught American history, health, and physical education at St. Helena's elementary school in the Bronx. He then returned to his alma mater, St. Ray's, to teach American history and health education, and to foster the athletic abilities of students who followed in his path. He coached the school's varsity and junior varsity bowling teams, and he served as the head junior var-

sity baseball coach and the assistant varsity baseball coach. As JV basketball coach, he led the St. Raymond's Ravens to Catholic High School All-City championships in 2003 and 2005.

While at St. Raymond, Tony was diagnosed with multiple sclerosis, a disease that may have crippled his body, but never his mind or spirit. Last summer, he served as best man at his beloved brother Frank's wedding in New York before moving to Florida for medical treatment. He returned to St. Ray's to be honored by faculty, alumni, and friends at a benefit dinner in mid-October.

Madam Speaker, this is a difficult time for all those who knew and loved Tony Iurilli. It is my hope that they will be strengthened by the memory of his selflessness, his bright smile, and his wonderful spirit.

Madam Speaker, I ask my colleagues to join me in recognizing Tony's all too brief, but wonderful life of commitment and community service.

RECOGNIZING THE WALTON COUNTY 2007 OUTSTANDING FARM FAMILY OF THE YEAR

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2007

Mr. MILLER of Florida. Madam Speaker, it is a great honor for me to rise today to extend congratulations to the Kenneth Pridgen family for being selected the Walton County 2007 Outstanding Farm Family of the Year. More than one generation of involvement in agriculture has led this farm family to serve as a model of stewardship to society through a vitally important industry.

The Pridgen family is more than deserving of this year's award. Kenneth's father was himself raised working in agriculture, and he passed on the significance of their industry to his son, who in turn has involved his family in this work. Kenneth and his family recognize

the contribution that agriculture makes to all of society, including putting food on the tables of families throughout the entire country.

Every year, the North Florida Fair Association honors farm families in counties throughout North Florida that display leadership through farming techniques and agricultural production. The Farm Family of the Year award conveys the importance of farm families' contributions to some of society's largest needs including food, clothing, and building supplies. Recognition of their work, as conveyed by this award, encourages others in the community to become involved and support local agriculture as well.

Madam Speaker, on behalf of the United States Congress, I would like to offer my sincere commendation to a family that is a role model for all of us. A deep sense of civic contribution and values has been instilled in all of the Kenneth Pridgen family. It is my hope that this family tradition continues for many future generations.

ACCOUNTABILITY AND TRANSPARENCY IN MEDICARE MARKETING ACT OF 2007

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, December 18, 2007

Ms. CASTOR. Madam Speaker, I am proud today to introduce the Accountability and Transparency in Medicare Marketing Act of 2007. This legislation will serve as a companion bill to S. 1883, introduced in the Senate by Mr. HERB KOHL.

With recent reports from the Government Accountability Office addressing the failure of CMS to audit Medicare Advantage providers along with recent reports of marketing abuses and fraudulent practices aimed at seniors, this legislation is timely and imperative.

We have heard reports that many Medicare providers seek to mislead seniors for private financial gain. In fact, seniors are frequently confronted with such practices as cold calling, misleading sales pitches to purchase unnecessary products, or being pushed to enroll in private Medicare Advantage programs that are not within their best interests.

WellCare Health Plans, which is headquartered in my hometown of Tampa, was raided by the FBI in October for suspected fraudulent practices. WellCare is among the largest national providers of Medicare and Medicaid managed care plans with 2.3 million members nationwide.

Three quarters of states have reported complaints about inappropriate or confusing marketing practices which lead Medicare beneficiaries to enroll in private plans without adequately understanding the consequences of their decision or that Medicare Advantage is optional.

Some seniors have lost access to their regular doctors after signing up for a private plan that their doctor does not accept. However, when sold the plan, the private company assured that this would not occur.

Frighteningly, some providers have been accused of selling to seniors with dementia and using scare tactics to force beneficiaries to enroll. Others have been offered cash incentives for enrolling.
